

The Roles of Virtual Workforce Members

virtual workforce

One of the most important aspects of any virtual workforce is the roles that are played by workforce members and how those roles mesh together

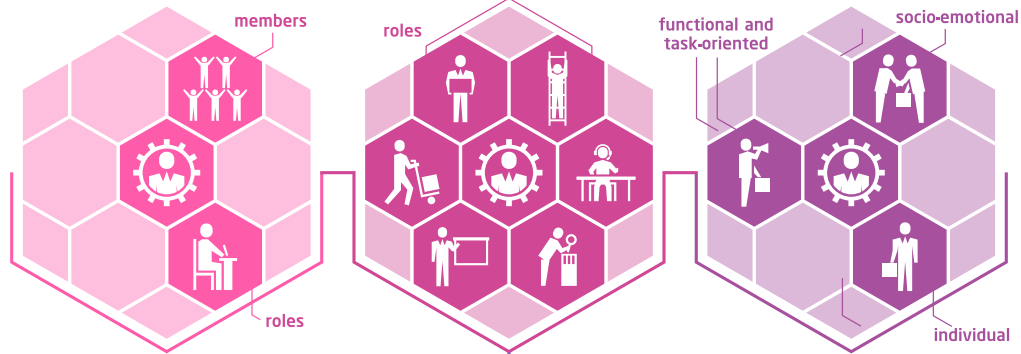

The Roles of Virtual Workforce Members

Role Coordination Matters for Workforce Effectiveness

All of the roles played by members of the virtual workforce have to be properly coordinated, and the more coordinated everyone is, the better off the entire virtual workforce

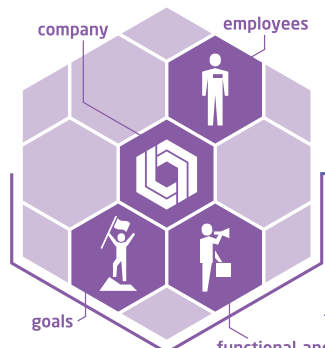

There are Three Main Roles in a Virtual Workforce

These roles fall into one of three specific roles

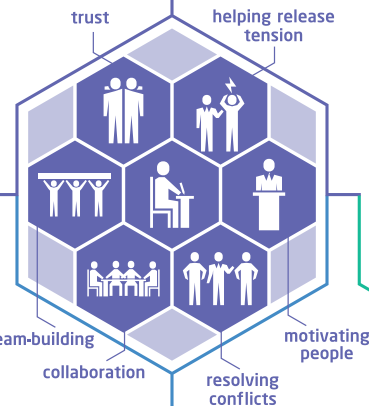

Functional and Task-Oriented Roles Are Important

focused on helping the workforce achieve its goals and accomplish the tasks

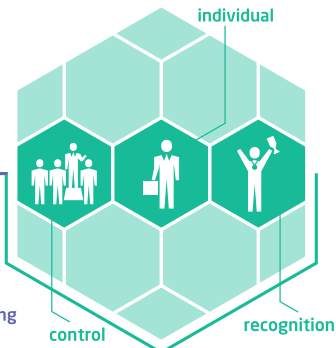

Collaboration is Achieved Through Socio-Emotional Roles

roles that affect

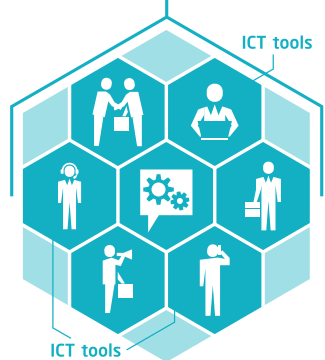

Individual Roles and Personal Needs Also Matter

Desiring control and recognition is a part of working for a lot of people

Communication is Achieved Through ICT Tools

employees need to communicate with one another

Everyone on the Virtual Workforce Should Understand Their Role

It is a vital part of making sure the workforce has what it needs to accomplish all the goals the company has set out for it
